Re: Requests for Safety Data Sheets (SDS) for Caplugs Products

According to 29 CFR 1910.1200 (b) (6) (v), "Articles" are exempt from the requirements of SDS sheets. Caplugs products are articles that meet the definition found in 29 CFR 1910.1200 (c) "Definitions" as...

A manufactured item other than a fluid or particle: (i) which is formed to a specific shape or design during manufacture; (ii) which has end use function(s) dependent in whole or in part upon its shape or design during end use; and (iii) which under normal conditions of use does not release more than very small quantities, e.g., minute or trace amounts of a hazardous chemical (as determined under paragraph (d) of this section), and does not pose a physical hazard or health risk to employees."
