Solutions for all your packaging and netting protection needs

Leader in Product Protection

For more than 70 years, Caplugs has been the leader in product protection with more than 40,000 catalog parts and 400 million parts in stock and ready to ship. As a global manufacturer with a world-class sales and service team, Caplugs is your trusted partner for product protection, masking solutions and molded components.

Protect Your Parts from Damage

Cushion your components and protect finished surfaces from damage with Caplugs full line of packaging products. Our plastic netting's elasticity ensures a snug fit and a non-slip grip on straight-sided parts and those with tapered or varying contours. Available in different strength and color options, visit **www.caplugs.com/packaging-netting** for fast online ordering and free samples.

Manufactured by Caplugs

Caplugs offers six in-house manufacturing processes to produce parts that meet your specific needs and perform in a variety of environments. With more than 15 million parts produced every day, our in-house tool room and 10 global manufacturing facilities, Caplugs ensures your order arrives when it's needed.

40,000+ Catalog Parts

The Caplugs catalog is packed with over 430 pages of in-stock and ready-to-ship solutions, including caps, plugs, netting, tubing, hose-guard, masking products and more. Visit **www.caplugs.com** for fast and easy online ordering or contact us at 1.888.CAPLUGS for more information.

Custom Engineered Solutions

If your application requires a custom solution, our team of design engineers will work with you to develop a part to meet your specific needs. All tooling and production are done in-house ensuring quality results and short lead times. Visit **www.caplugs.com/design-part** for more information or to request a quote.
